

01.09.26 HICP Meeting

12.06 Community At-Large #2 Video Recap

Attendance Overview

Participants: Approx. 160

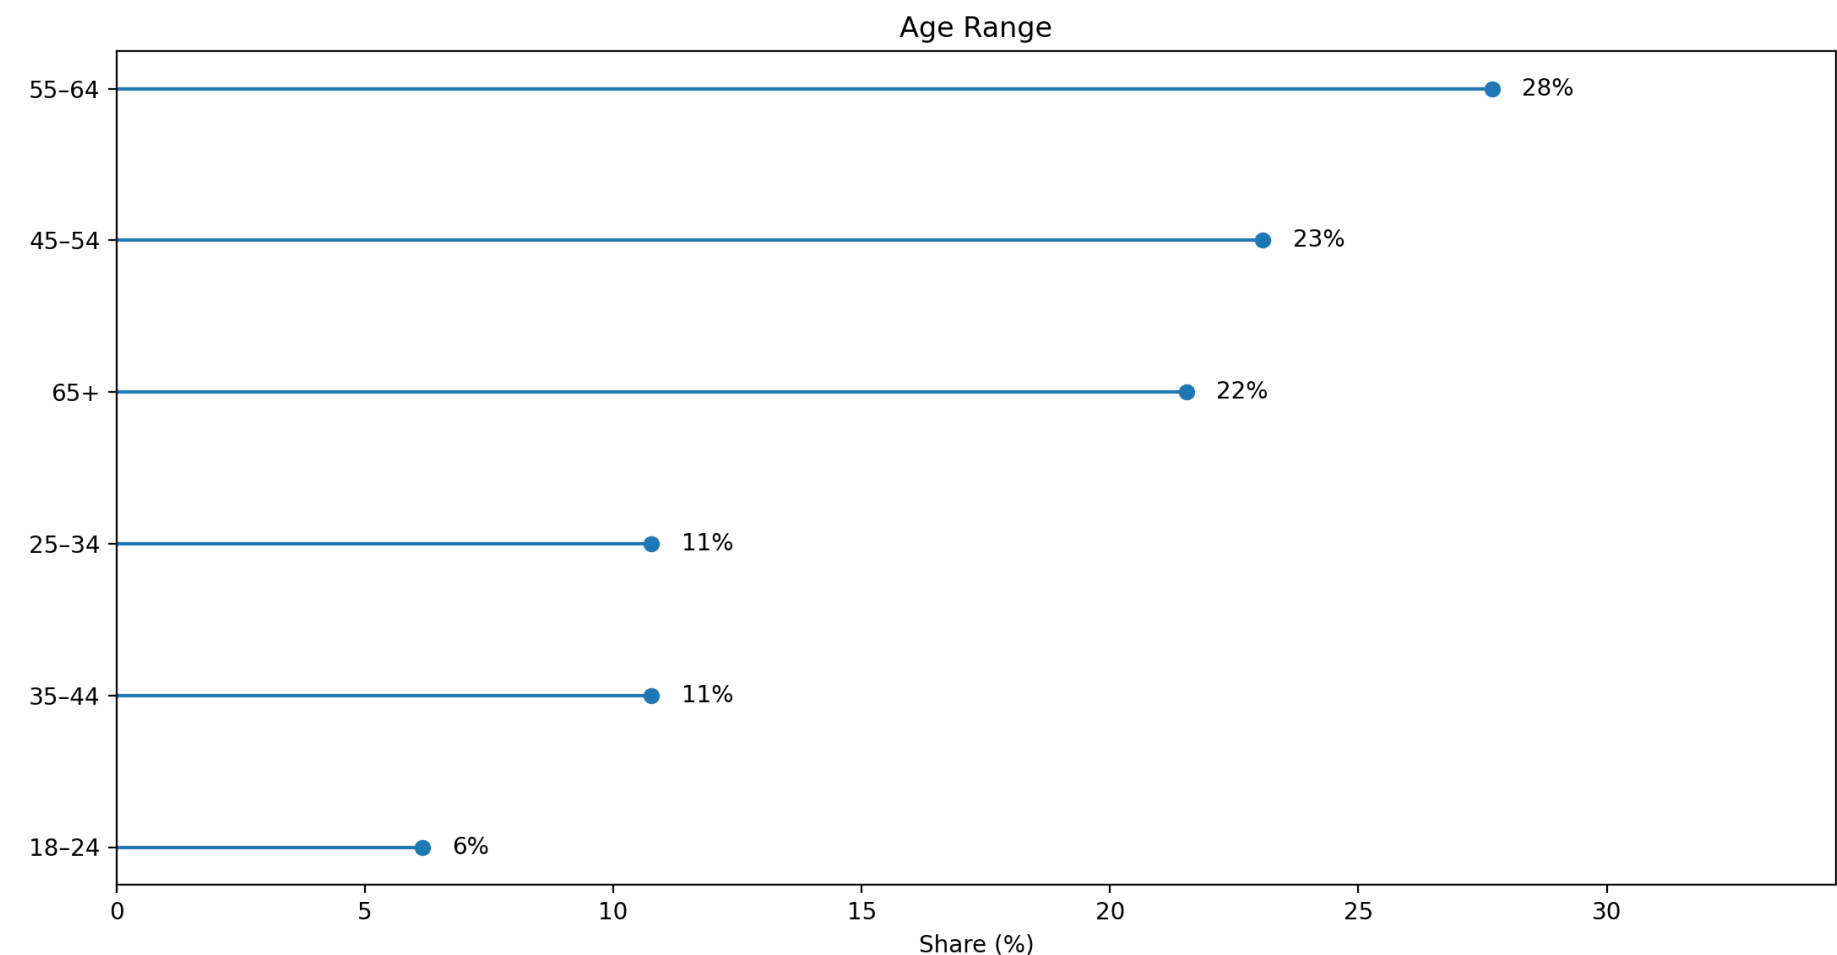

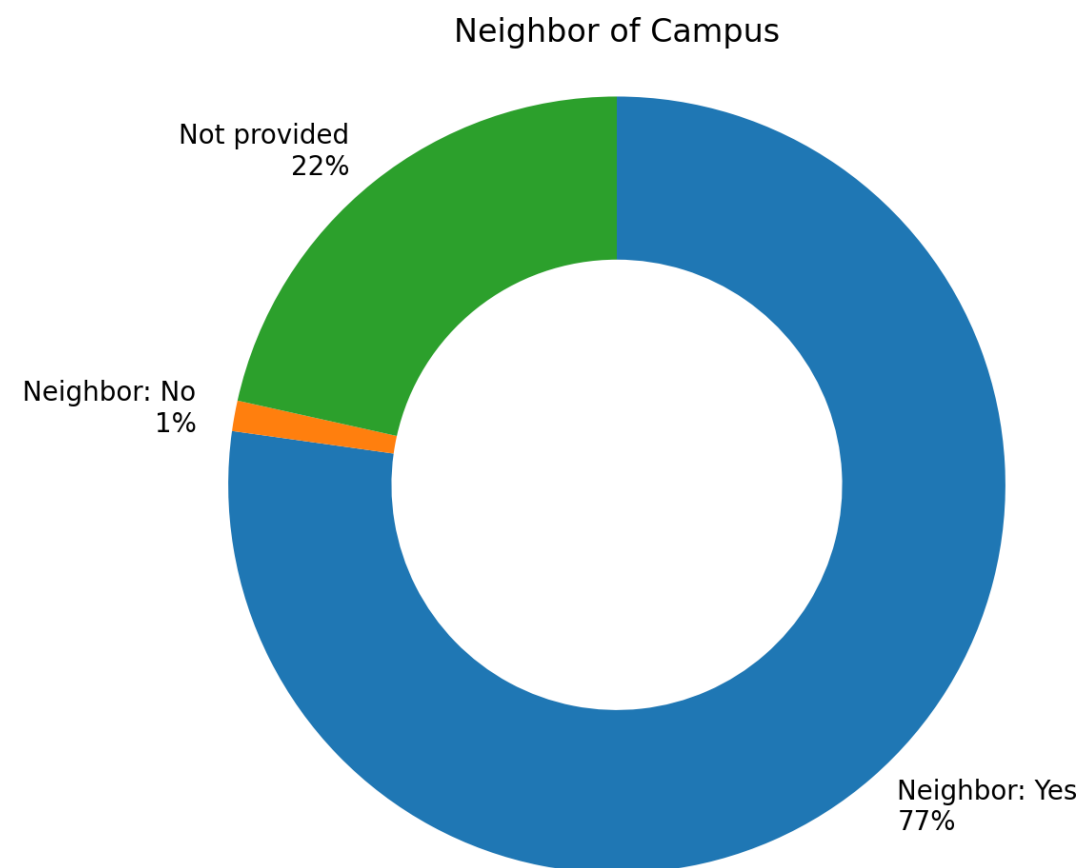

Thank you to our partners:
The Wellness Center
Alma Family Services
East Side Leads

Audiences Reached

Demographics:

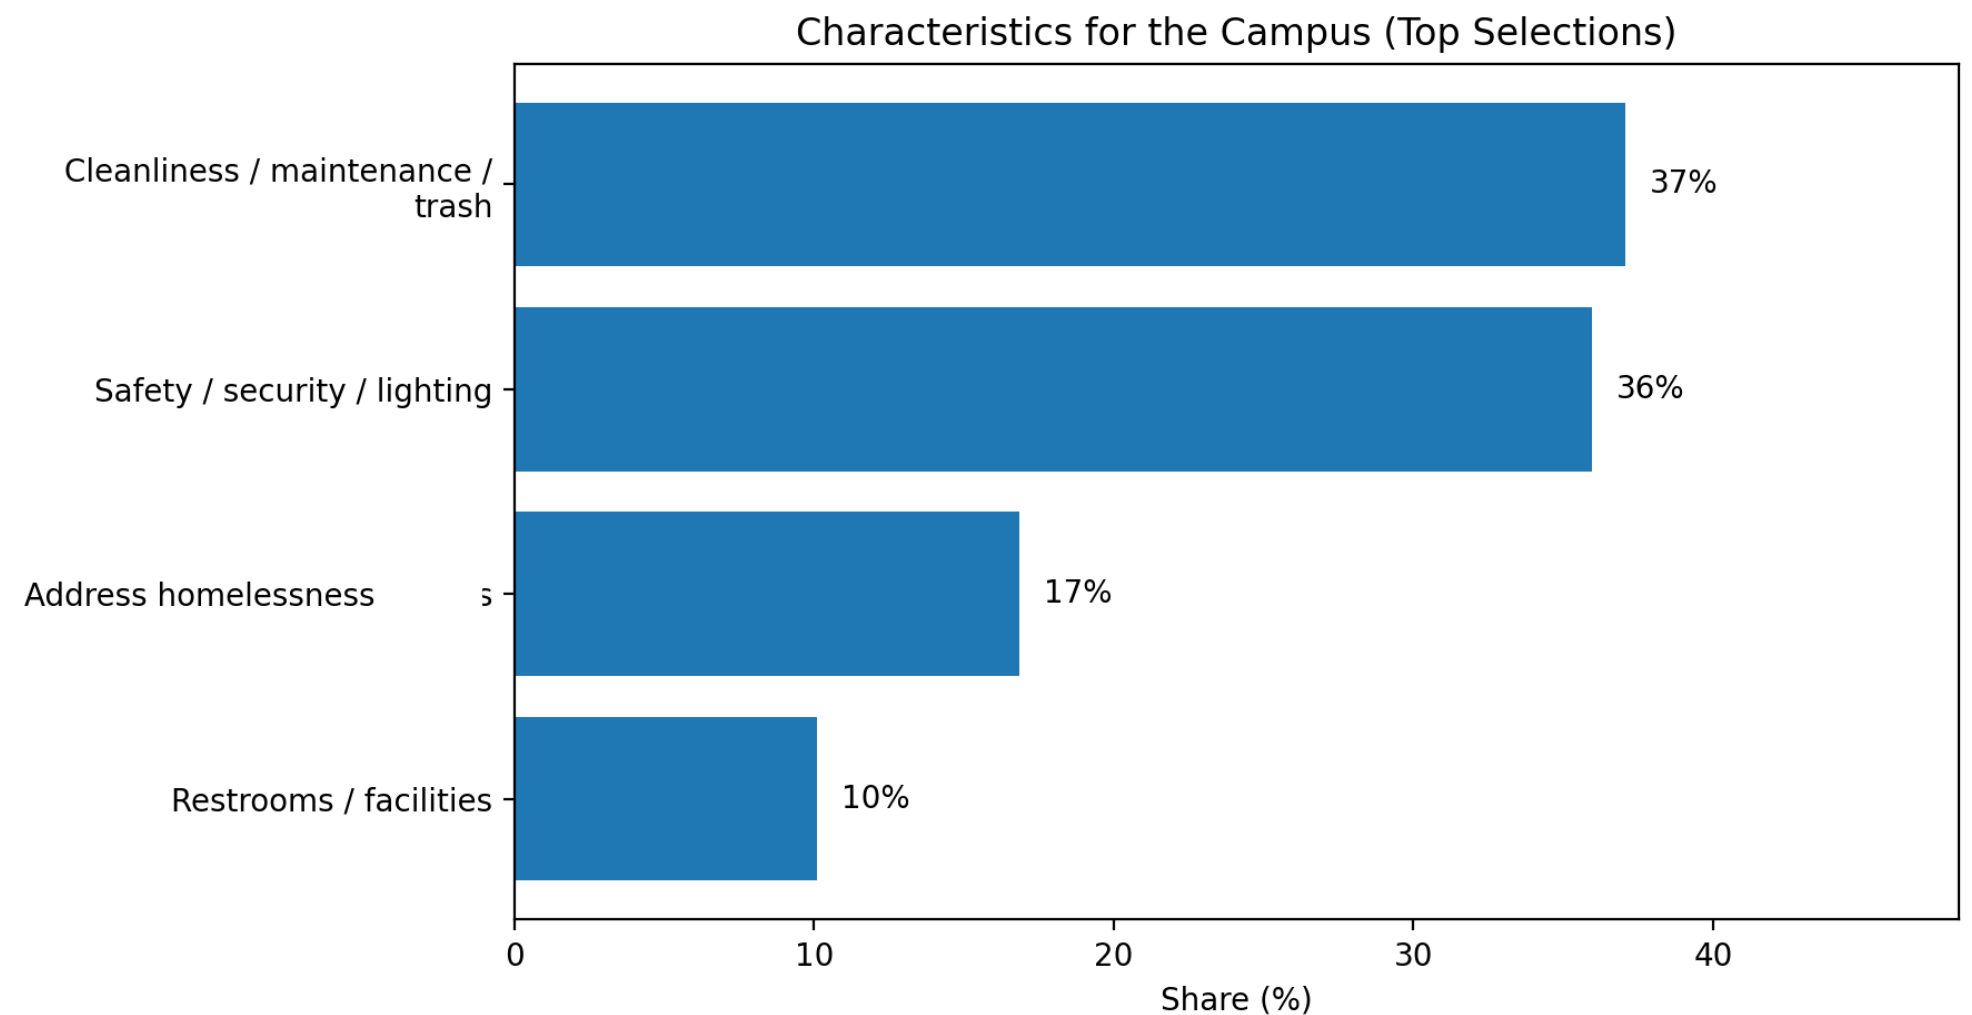

- Large portion of participants live near the Los Angeles County General Hospital
- Age mix ranged from 18-65+

Characteristics For the Campus

Key Findings:

- People prioritized a campus that feels cared for, safe to move through, and supportive of day-to-day needs.

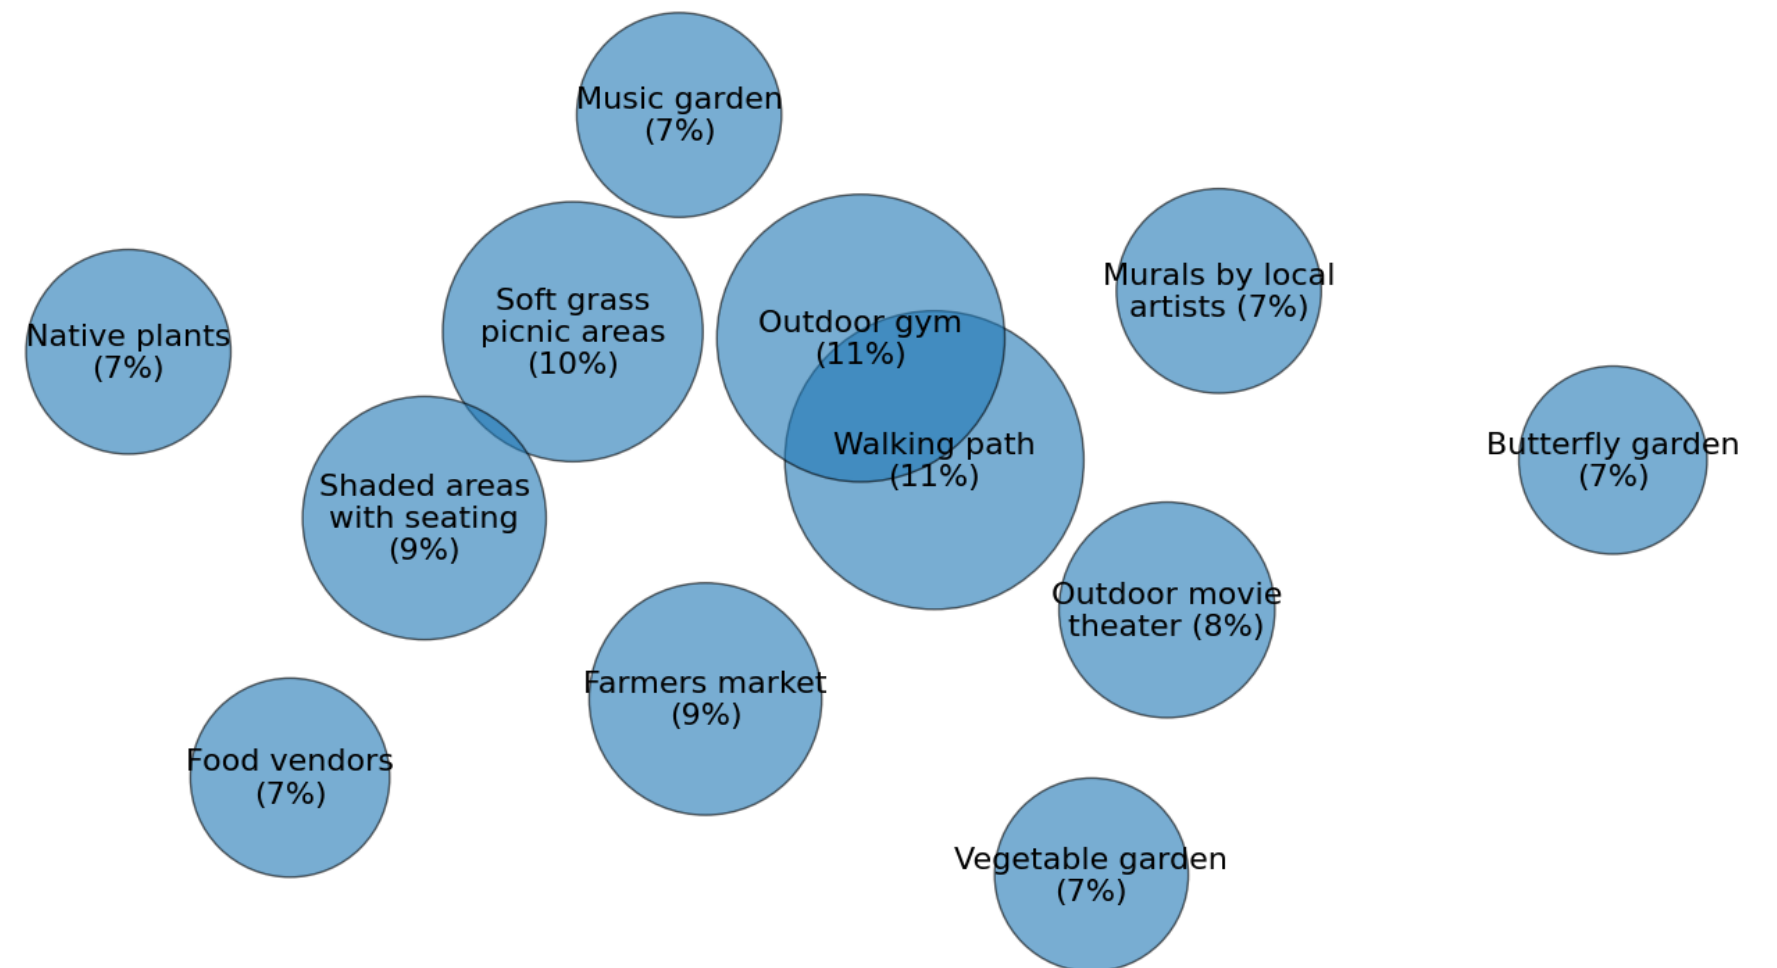

Outdoor Amenities Requested

Desired Amenities for Daily Outdoor Use (Top Selections)

Key Findings:

- Top choices cluster around everyday routines: movement + fitness + places to sit and stay awhile.
- Community energy matters: spaces that support gathering, culture, and local activity.
- Overall takeaway: participants want outdoor spaces that feel useful on a normal weekday, not just for special events.

Bike Giveaway @ LA County General Hospital
